

<p>We've been telling Sam that once he turned four he'd have to start wiping his own bum.</p>
<p>Tuesday morning I got the following email from Aline:</p> <p>So I'm not sure Sam is ready to wipe his own... ♦ He did the first wipe then just as I was saying don't touch me... you have poo on your hands he leaned forward for me to do the finishing wipes and he grabbed my pants... ick.

This is a day I love that I'm at work!</p>
