

HMV contest

Thursday, 04 August 2011 19:00

Got a call from HMV sweepstakes this afternoon regarding the \$100 gift certificate for HMV that Aline won from Swiss Chalet earlier this summer. Had to answer the following skill testing question with no calculator:

$$120 / 10 * 3 - 15 + 25 = ???$$

Thankfully my math skills were up to snuff and my answer of 46 was correct!
